

M ALL NEW SERIES

The evolution of premium spas combines captivating aesthetics with versatility and ease of use for the ultimate relaxation experience.

UNMATCHED VERSATILITY

Unique seating layouts and Bullfrog Spas' signature interchangeable JetPaks accommodate personal preferences of every sized individual and family member. Carefully measured, hand-sculpted seating offers the most comfortable and socially engaging experience available. Configurations include multi-lounge, loveseat, Adirondack chair, and elevated cool-down options.

INTUITIVE & USABLE FUNCTIONALITY

In-seat multi-function controls for adjusting therapy, lights, sound, and water features are strategically placed at your fingertips. The Simplicity water care system has dual intakes and a plastic-free, in-wall design, making maintenance easier and more affordable than ever. Adjustable headrests ensure a comfortable fit while clearly defined interior steps and Smart Cover provide safety and peace of mind.

STUNNING AESTHETICS

A beautiful collection of designer-coordinated color combinations for exterior, interior, and trim complement a wide range of today's backyard designs. Exterior options include weathered and hand-scraped (an industry-first) finishes. Vibrant, yet elegant lighting creates just the right mood and environment.
